SMALL-BUSINESS: LEVERAGE ECONOMIC DECLINE WITH 101 FREE TOOLS

A leading business resource website is providing new business owners with a handy reference guide addressing tomorrow's technology needs today

Columbia, MD, March 26, 2008 – Leading new business resource website 101FreeTools.com is providing small business owners with 101 free Tools To Grow Your Business.

Rising Star Ideas, LLC President Tonya R. Taylor says technology is an unavoidable cost of doing business however there are a lot of free tools available.

"Growing companies must consider the return on investment to justify a purchase" she says. " Entrepreneurs and small business owners need to master the ability to act big on a small budget."

Entrepreneurs and small business owners are *constantly* working harder instead of smarter because they are unaware of technology free tools available. Since, entrepreneurs and small business owners don't risk a cent, now is the time to take advantage of the many free tools.
