MASTER OF TECH TOOLS JOINS HOWARD TECHNOLOGY COUNCIL

Tonya R. Taylor, A Master Of Small Business Technology Tools, Joins The Howard Technology Council

Columbia, MD - July 2009 — Tonya R. Taylor, a master of small business online technology tools becomes an active member of the Howard Technology Council (HTC). HTC is the premier resource for business growth who provides vision, awareness, forum and focus for informative programs and business networking opportunities that promote technology businesses in Howard County.

Ms Taylor is dedicated to helping businesses save time and money with social media and other FREE or low cost tools. She created, 101 Free Tools.com, a website for entrepreneurs on a shoestring budget who need a sensible solution to address tomorrow's technology needs today.

The mission of the Howard Technology Council is to enhance opportunities for growth, collaboration and success within the Howard County technology business community. These goals are accomplished through a variety of educational programs and activities designed to complement and provide value to this nationally recognized community of excellence.
